Agenda Item #3

STAFF REPORT

Prepared for: Montecito Fire Protection District Board of Directors
Prepared by: Chief Hickman, Fire Chief
Date: July 23, 2018
Topic: Microwave Computer Aided Dispatch Backup

Summary

The Dispatch Center Computer Aided Dispatch (CAD) system is subordinate to the Santa Barbara County Sheriff's Office CAD system. They are digitally connected with a fiber optic line. No back-up system currently exists.

Background

The primary public safety answering point for Santa Barbara County is the Sheriff's Office. They receive all 911 calls for service that originate in the District and forward them to us electronically via a fiber optic CAD connection. This connection significantly reduces call processing time allowing our resources to immediately respond to emergency calls for service.

The fiber optic connection was severed during the 1-9 Debris Flow resulting in loss of this connection for approximately 45 days. A temporary, unsecure microwave solution was implemented to replace the primary fiber optic line during the outage. After the fiber optic line was restored, the temporary microwave system was discontinued because it was not secure.

The proposed system would provide secure, redundant connectivity to the Sheriff's Office. In addition to supporting CAD connectivity, this back-up connection would be capable of supporting all District connectivity needs should our primary fiber optic system fail.

Discussion

Edge Technologies, LLC, operating as a subcontractor of Informa, our IT contractor, installed and maintained the temporary microwave system during the 1-9 Debris Flow. After the fiber optic line was restored, the District engaged Edge Technologies to provide secure alternatives for back-up CAD connectivity. Staff suggests that Edge Technologies be considered a sole source contractor because they have unique knowledge of our CAD system, connectivity requirements, and the intense security requirements of the Sheriff's Office. These funds were allocated in account 8300 of the Preliminary Budget approved on June 25, 2018.

Conclusion

Staff recommends that the Board authorize the Fire Chief to enter into an agreement with Edge Technologies, LLC in the amount of \$61,452.08 for the installation of a secure microwave back-up system.

Agenda Item #4

STAFF REPORT

Prepared for: Montecito Fire Protection District Board of Directors
Prepared by: Chief Hickman, Fire Chief
Date: July 23, 2018
Topic: Rejection of Roof Bids
Request for Proposals for Project Management Company: Fire Station 1
Roof, Backup Power System Replacements, and Rental Property Repair

Summary

The District solicited bids for the removal and replacement of the roof underlayment system at Fire Station 1 in November 2017 in accordance with the Public Contract Code Section 20813. This bid was awarded but never executed due to the Thomas Fire and subsequent 1-9 Debris Flow. The backup power system catastrophically failed during the Thomas Fire and 1-9 Debris Flow. Three rental properties owned by the District on East Valley road were damaged or destroyed during the 1/9 Debris Flow.

Background

The roof at Fire Station 1 leaked significantly in several locations during the winter of 2017. These leaks caused interior damage and should be repaired prior to the coming winter. The backup power system generator at Fire Station 1 catastrophically failed and is in need of complete replacement. As a result of the 1-9 Debris Flow, 1255 East Valley Road was completely destroyed, 1257 East Valley Road was moderately damaged, and 1259 East Valley Road sustained minor damage.

Discussion

At the December 5, 2017 meeting, the Board authorized the Fire Chief to enter into a contract with WRS, Inc. as the lowest, responsive bidder for the Fire Station 1 roof replacement. Prior to the contract execution, the other bidder Best Contracting Services, Inc. called into question the responsiveness of the bid awardee. It was during this time that the Thomas Fire and 1/9 Debris Flow occurred causing a delay in Staff and Board action on this matter.

In late December 2017, power disruption to Fire Station 1 (due to the Thomas Fire) resulted in catastrophic backup power generation failure. Evaluation of the system determined that repair costs exceed replacement costs. While funded by FEMA as part of Public Assistance, the District must first replace the system to claim the loss.

The 1-9 Debris Flow resulted in the destruction of 1255 East Valley Road. Replacement of this building must take into account updated floodplain data when considering where on the property it should be located. It is further complicated by the fact that Caltrans will be replacing the bridge adjacent to the property and using the location previously occupied by 1255 East Valley Road for access and staging equipment. 1257 East Valley Road sustained moderate damage. The large deck attached to the South side of the building was pulled from the structure and destroyed, resulting in structural damage to the South wall. 1259 East Valley Road sustained minor damage. There is a stain reflecting the high water mark on the exterior of the building, some fence damage and a thin layer of earth over the walkways and patio. The cost of repair associated with 1259 East Valley Road will likely fall beneath the threshold required for Request for Proposal and could be completed quickly to allow for rental of the property.

Due to the scope, expense, and legal requirements of these Public Works Projects, staff suggests conducting an RFP for a Project Management Company to oversee the Fire Station 1 Roof, Backup Power System Replacements, and construction/repair of 1255 East Valley Road and 1257 East Valley Road.

Conclusion

Staff recommends that the Board reject all current bids associated with the roof underlayment replacement project and authorize the Fire Chief to solicit an RFP for a Project Management Company to oversee both the removal & replacement of the roof underlayment system, the backup power system at Fire Station 1, and construction/repair of 1255 East Valley Road and 1257 East Valley Road.

FINANCIAL STATUS SUMMARY

Please reference the attached Financial Status Report generated from FIN for the information highlighted below.

Revenues

General Fund (3650): The District estimated FY 17-18 revenues of \$20,432,790 (4A). The main source of revenue was Property Taxes budgeted at \$17,406,910 (1A), or 85%, of total revenue. Actual Property Taxes collected by the District were \$17,588,327 (1B), or \$181,417 (1C) over the budgeted amount.

The District estimated other revenue sources, which include interest, Homeowners Property Tax Relief, Federal and State fire reimbursements, EMS medical response payments, rental income and CSFD dispatch payments, for a total \$3,025,880 (2A-3A). Actual revenue collected was \$3,051,181 (2B-3B), or \$25,301 over the anticipated amount.

Total revenue collected was \$20,639,509 or \$206,719 over the budgeted amount (4).

Expenditures

Salaries and Employee Benefits: Total expenditures were \$16,233,616, or \$162,674 under budget (5).

6301/6310 - Overtime: The budgets for two overtime line items were increased in the budget amendment approved in June. The overtime expenditures were higher than originally budgeted due to the busy fire season and upstaffing needs during the Thomas Fire/Debris Flow (5).

Services and Supplies: Total expenditures were \$1,784,984, or \$37,566 under budget (6). Most significant variances in the line items occurred because of the Thomas Fire/Debris Flow. The Department is seeking reimbursement through the FEMA Public Assistance Grant for extraordinary expenses that were incurred during the two incidents.

7030 – Clothing/PPE: Boots, gloves, dry suits, rain gear, jackets, headlamps are some of the items purchased during the flood that account for the budget variance of over \$50,000.

7060 – Food: Over budget because of meals provided to Department personnel during the Thomas Fire/DebrisFlow.

7120 – Equipment Maintenance: Expenses were \$44,000 over budget due to generator repairs and rental, sand for storm preparation, and maintenance for other operating equipment.

7205 – Fire Defense Zone: Expenses for the hazard mitigation account were \$110,000 under budget Wildland Specialists were focused on community recovery efforts.

7363 – Equipment Maintenance (Vehicles): Expenses were \$39,000 over budget due to several unexpected and major engine repairs. Additionally, the Department was without a mechanic for several months and outsourced staff vehicle and engine repairs.

7650 – Special Departmental Expense: The Department fronted all expenses for a storm Preposition in March, totaling approximately \$50,000 for this line item. All expenses were submitted for reimbursement through the Public Assistance Grant.

7730 – Transportation and Travel: There was an increase in travel by Management to various conferences and training seminars, resulting in the \$14,000 in excess of budget.

Capital Assets: Total expenditures were \$83,615, or \$30,585 under budget (7). The Equipment (8300) account was decreased by \$300,000 in the budget amendment because several projects were deferred to fiscal year 2018-19.

Overall, the District's expenditures were \$18,102,215, or \$230,825 under the total budgeted amount (8).

Fund Balance

The District budgeted for a total Fund Balance increase of \$1,484,750 (9A), and the actual carryover increase was \$1,922,294 (9B). The District's Fund Balance at June 30, 2018 was \$9,225,483, designated as follows:

Nonspendable - \$ 178,091 (Property tax impounds posted by the SB County Auditor)
 Committed - \$ 2,400,500 (Contingency/Disaster Reserve and petty cash of \$500)
 Committed - \$ 3,670,000 (Economic Uncertainties Reserve)
 Residual - \$ 2,976,892 (Funds without designation)

Reserve Calculations

Based on the Board-approved Reserve Policy that established reserve categories and identified the process for calculating each reserve, below are calculated amounts for each reserve category as of July 1, 2018:

Reserve Categories	Reserves as of 7/1/18	Less 7/1/17 Reserves	Add'l Reserves Needed
Catastrophic Event	2,477,000	(2,400,000)	77,000
Economic Uncertainties	4,250,000	(3,670,000)	580,000
Totals	6,727,000	(6,070,000)	657,000

Conclusion

Overall, the District's financial performance for fiscal year 2017-18 was very positive with a net increase in residual fund balance of over \$1,475,000 for the General Fund. In prior years, residual funds redesignated and used to meet updated reserve thresholds; this year, Staff is recommending that the residual funds remain as undesignated to be available to fund operating expenses in future years, due to the expected property tax revenue shortfall.

Montecito Fire Protection District

Montecito, CA 93108

Dear Chief Hickman,

On behalf of the Birnam Wood Homeowner's Committee, I wish to extend our gratitude for your district's participation at last Friday's Homeowner's Block Party. Division Chief Kevin Taylor and Battalion Chief Scott Chapman's presence made the evening extra special for Homeowners.

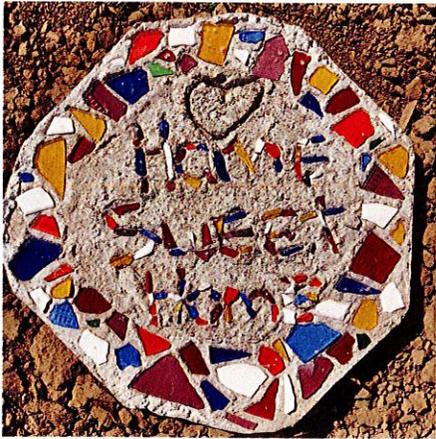

We are extremely grateful for your efforts in our community and for all of Montecito. Our Director of Security, Mitch Vargas, has shared multiple stories of the cooperation between your teams and his. This teamwork gave much needed comfort to Homeowners, especially during last winter's evacuations.

All of us went through tragedy following the Thomas Fire and debris flow; yet, as a community, we discovered how important it is to know our neighbors and the professionals who protect us. Please know that Birnam Wood will continue to be a Good Neighbor to your efforts.

Sincerely yours,

Dear First Responders of the Thomas Fire and Montecito Debris Flow

We begin with gratitude for each and every person who came to our rescue, helping us in Montecito and Santa Barbara, CA. We know you left your families during the holiday season with many of you staying well into the New Year and away from home for a long time. You put yourself in harms way for us.

As we can never pay back your help and care, we want to pay it forward. Among the many fundraisers in our community, we collected money to honor EACH OF YOU. While we don't know you individually, each of you is very much appreciated that you came to our rescue.

The United way of Ventura has received \$27,900 and the Santa Barbara Food Bank has received \$81,101.70 in your honor.

The front cover of this card is a small sampling of the many posters that our community has made to show our gratitude. Whether they are home made or professionally printed, and ALL of them represent our deepest appreciation to you.

With the utmost of gratitude and appreciation,

your friends in Montecito and Santa Barbara CA.

Sally Jordan July 2018

Dear Chip,

There is an old song: "Have I told you lately...?" I sing it to you now from my grateful heart filled with boundless thanks and profound admiration for and of... your courageous leadership of our incredible firefighters... each of them, all of them... our beloved heroes.

As I gaze at our beautiful mountains, I am also apprehensive of the devastation they

can unleash... fire and mud-slides, death and destruction. When those emergency moments strike, it is only you and our brave, trained professionals of our MFD... who can, who always have "been there" to... SAVE US.

Every night, in my prayers, I pray for you and their safety!

God has so richly blessed us by your protective leadership...

... and I am so deeply grateful to Him for you.

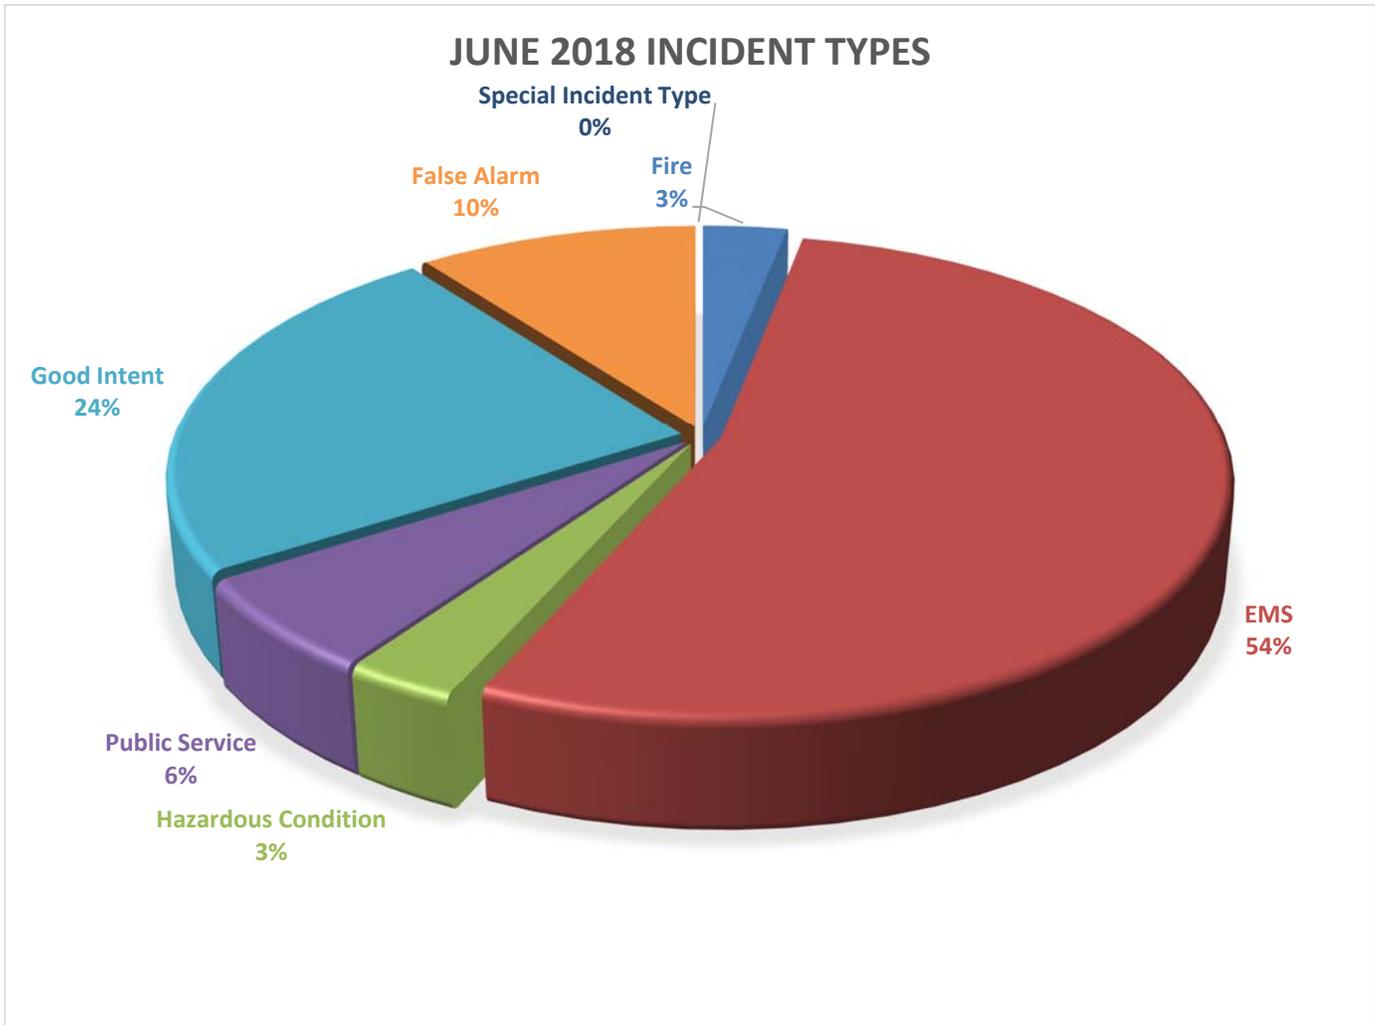

May God bless you always,

Chip!

Sally
