Subject: Amendment to Building Codes

Chief Hickman. I met with Mr. Gregson today. The revised version of ordinance resolves all concerns that we had and expressed in my earlier email. Thanks to you and Al for considering and addressing our concerns. We are truly thankful for your partnership.

The County of Santa Barbara Building and Safety division fully supports the ordinance no 2018-01 and recommend the board of supervisor to adopt the proposed ordinance without any changes.

ORDINANCE NO. 2018-01

AN ORDINANCE OF THE GOVERNING BOARD OF THE MONTECITO FIRE PROTECTION DISTRICT AMENDING SECTION 6 OF MONTECITO FIRE PROTECTION DISTRICT ORDINANCE NO. 2016-01.

WHEREAS, the Montecito Fire Protection District operates under the provisions of California's Fire Protection District Law of 1987, wherein the State Legislature declared that the local provision of fire protection services, rescue services, emergency medical services, hazardous material emergency response services and other services relating to the protection of lives and property is critical to the public peace, health and safety of the State of California and that local control over the types, levels and availability of these services is a long-standing tradition in California; and

WHEREAS, the State Legislature has also declared that its intent is to provide broad statutory authority for local fire protection districts, encouraging local officials to adopt powers and procedures set forth in the Fire Protection District Law of 1987 to meet their own circumstances and responsibilities; and

WHEREAS, on November 28th, 2016, pursuant to Health and Safety Code section 13869.7, the Governing Board of the Montecito Fire Protection District adopted Ordinance No. 2016-01, which made certain amendments to the building standards relating to fire and panic safety that are more stringent than those building standards adopted by the State Fire Marshall and contained in the California Building Standards Code, including amendments to Section R313 and Appendix J of the California Residential Code; and

WHEREAS, ~~as of the date Ordinance No. 2016-01 was adopted by the Governing Board of the Montecito Fire Protection District, Section 10-2.2.2. of the Santa Barbara County Code adopted Appendix J of the 2013 California Residential Code by reference; and~~

~~WHEREAS, on December 13th, 2016, the Board of Supervisors of the County of Santa Barbara adopted County of Santa Barbara Ordinance No. 4987, which adopted by reference the 2016 California Residential Code, but did not adopt Appendix J thereof; and~~

WHEREAS, on January 10th, 2017, the Board of Supervisors of the County of Santa Barbara voted to ratify Montecito Fire Protection District Ordinance No. 2016-01, including the amendments to Appendix J of the California Residential Code therein; and

WHEREAS, ~~in order to ensure the applicability of Appendix J of the California Residential Code, as amended by Ordinance No. 2016-01, within the Montecito Fire Protection District, the Governing Board of the Montecito Fire Protection District hereby desires to amend Ordinance No. 2016-01 in order to adopt Appendix J of the California Residential Code by reference and to add related amendments to Section R313~~ the County of Santa Barbara has expressed concerns regarding the thresholds for triggering fire sprinkler installation in existing residential dwellings, and has requested that the District amend Ordinance No. 2016-01; and

WHEREAS, in order to address the County's concerns, the Governing Board of the Montecito Fire Protection District hereby desires to amend Section 6 of Ordinance No. 2016-01; and

WHEREAS, Health and Safety Code Section 13869.7 provides that any such amendment must be ratified by the city or county where such ordinance will apply.

NOW, THEREFORE, the Governing Board of the Montecito Fire Protection District ordains as follows:

Section 1. Section 6 of Ordinance No. 2016-01 is hereby amended to read as follows:

"Section 6. Amendments Made in the California Residential Code. The California Residential Code is amended and changed as follows:

(a) Chapter 3, Section R313, Automatic Fire Sprinkler Systems is amended as follows:

1. Section R313.1, Exception, is deleted in its entirety and replaced with the following:
 - a. "Any existing townhouse for which an application for building permits is filed or required to be filed with the County of Santa Barbara for any addition or alteration that meets the following two requirements shall be required to install automatic fire sprinkler systems throughout the entire structure:
 - i. Consists of a total floor area of 3,5005,000 square feet or more; and
 - ii. The aggregate alteration and/or addition for which an application for building permits is required to be filed with the County of Santa Barbara is greater than 1,000 square feet in gross floor area. ~~For purposes of defining "aggregate alteration and/or addition" all work that has been permitted by the County of Santa Barbara and constructed on or after October 16, 1991, shall be included in this determination.~~
 - b. Any existing townhouse which consists of a total floor area of less than 3,5005,000 square feet for which an application for building permits is filed or is required to be filed with the County of Santa Barbara for any addition or alteration that exceeds 50% of the existing square footage of the building floor area shall be required to install automatic fire sprinklers throughout the entire structure.
 - c. Application. The provisions of this Section shall be applicable within the District's jurisdiction, ~~but shall not apply to alterations or additions to existing townhouses related to post-disaster repairs, earthquake retrofitting.~~

or addition of fire resistant materials. If any part of this Section is in conflict with any other part, the more restrictive provision shall be controlling.”

2. Section R313.2, Exception, is deleted in its entirety and replaced with the following:
 - a. “Any existing one- and two-family dwellings for which an application for building permits is filed or required to be filed with the County of Santa Barbara for any addition or alteration that meets the following two requirements shall be required to install automatic fire sprinkler systems throughout the entire structure:
 - i. Consists of a total floor area of 3,5005,000 square feet or more; and
 - ii. The aggregate alteration and/or addition for which an application for building permits is required to be filed with the County of Santa Barbara is greater than 1,000 square feet in gross floor area. ~~For purposes of defining “aggregate alteration and/or addition” all work that has been permitted by the County of Santa Barbara and constructed on or after October 16, 1991, shall be included in this determination.~~
 - b. Any existing one- and two-family dwellings which consists of a total floor area of less than 5,000 square feet for which an application for building permits is filed or is required to be filed with the County of Santa Barbara for any addition or alteration that exceeds 50% of the existing square footage of the building floor area shall be required to install automatic fire sprinklers throughout the entire structure.
 - c. Application. The provisions of this Section shall be applicable within the District’s jurisdiction, but shall not apply to alterations or additions to existing dwellings related to post-disaster repairs, earthquake retrofitting, or addition of fire resistant materials. If any part of this Section is in conflict with any other part, the more restrictive provision shall be controlling.”
3. Section R313.3.1.2, Exceptions (1) and (4) are deleted.

~~(b) Appendix J, Existing Buildings and Structures, is adopted in its entirety and amended as follows:~~

- ~~1. Section AJ501.3, Extensive Alterations, is amended to read:~~

~~“Where the total area of all of the work areas included in an alteration exceeds 50 percent of the area of the dwelling unit, the work shall be considered to be a reconstruction and shall comply with the requirements of these provisions for reconstruction work and section AJ501.9.”~~

~~2. Section AJ501.9, Automatic Fire Sprinkler Systems, is added to read:~~

~~“Any existing dwelling unit for which an application for building permits is filed or required to be filed with the County of Santa Barbara for any alteration that meets requirements of Section AJ501.3 for extensive alterations shall be required to install automatic fire sprinkler systems throughout the dwelling unit.”~~

Section 2. Findings.

The Board of Directors (“Board”) of the Montecito Fire Protection District (“District”), following due consideration, hereby finds and determines that all the amendments, deletions, and additions to the foregoing Codes are reasonably necessary due to local climatic, geological, and topographical conditions existing in the District. The District hereby finds and declares that:

The area within which the District is located regularly experiences strong, hot, dusty, and down canyon winds referred to locally as “Santa Anas” or “Sundowners.”

Such wind conditions increase fire danger by significantly contributing to the spread and intensity of fires, and significantly increase the difficulty of effective fire suppression within the District.

If a fire involving a single structure cannot be immediately extinguished, such wind conditions can rapidly spread flames to adjacent structures, significantly endangering lives and/or millions of dollars in property value.

Such winds can spread existing flames from a structure or natural fuel to structures and natural fuel significant distances away, even jumping over fire breaks and freeways, resulting in significant property damage and/or loss of life.

Much of the jurisdiction of the District is within heavy brush and chaparral.

It is generally known to take about 25 years to build up extremely dangerous combustible brush conditions, and the District contains areas where combustible flora has built up for 50 to 100 years.

The District is in an area prone to extensive drought conditions, significantly increasing the already natural combustibility of the chaparral, brush and ornamental shrubbery in the District.

Such fuels can rapidly transform a small manageable fire into an uncontrollable conflagration, compromising the lives and safety of District personnel and residents.

The reduction of such fuels provides a direct correlation to the safety of the lives and property within the District, and will substantially reduce the risk of injury or death to District personnel.

The District is geographically situated such that extreme solar exposure (south, southwest, and west facing slopes) continually results in critically low live fuel moisture levels, further rendering most brush, chaparral and ornamental shrubbery highly combustible.

Due to these conditions even non-structural fires can pose a massive threat to the lives and structures located in the District.

The District is located in close proximity to several active earthquake faults.

During and after an earthquake, there is a high potential for fires and other emergencies threatening the lives of District residents, generally requiring the commitment of all available resources.

Geographic and topographic conditions delay response times for fire apparatus (these conditions include remote structures; narrow, winding roads which hamper the access of modern fire suppression apparatus; and extremely sloping roads which tend to slow fire apparatus response).

Water can be in short supply in the District, and fires in areas with structures with noncombustible roofing typically consume far lesser quantities of water than those not complying with the Ordinance, allowing greater fire suppression coverage, and preventing unnecessary loss of life and/or property within the District.

U.S. Highway 101 traverses the District, and is a transportation route for hazardous materials and some traffic accidents on Highway 101 require the presence of all available fire apparatus, leaving the District with fewer resources to combat structural fires elsewhere in the District.

The Union Pacific Railroad line also traverses the District, and a train accident or derailment could immediately deplete the District's resources, limiting the District's ability to furnish fire protection for the balance of the District.

The Montecito Fire Protection District is in the mutual aid plan and is committed to supply personnel and equipment for serious fires outside the District and which can reduce the personnel and equipment available for response to possible emergencies within the District.

Further, in many instances because of the extra hazardous conditions, a defensible space protection zone around buildings and structures of only one hundred feet is not sufficient to provide for tenable wildland firefighting operations around such buildings and structures. These conditions are common upon lands within the District that are located within the Montecito Resource Management Zone as designated by the County of Santa Barbara. Such areas are generally rural areas with slopes exceeding 40% and are covered with old age class chaparral and dense vegetation, creating conditions that are dangerous to fire fighters.

The Governing Board expressly finds and declares that the findings contained herein provide the basis for the amendment, deletions, and additions to the Code contained in this Ordinance.

Section 3. Severability.

If any article, section, subsection, sentence, clause, phrase or word of this Ordinance is for any reason held to be unconstitutional or invalid, such holding shall not affect the validity of the remaining portions of this Ordinance. The Board hereby declares that it would have passed this Ordinance and each article, section, subsection, sentence, clause, phrase or word thereof irrespective of the fact that any one or more articles, sections, subsections, sentences, clauses, phrases or words may be unconstitutional or invalid.

Section 4. Effective Date and Publication.

(a) Effective Date. This Ordinance was introduced for first reading on _____, 2018, and passed on _____, 2018, and shall take effect 30 days after final passage.

(b) Publication. In accordance with Government Code section 25124, this Ordinance shall be published once, with the names of the members of the Board voting for and against it in a newspaper of general circulation in the District within 15 days after its adoption.

ORDINANCE NO. 2018-01

AN ORDINANCE OF THE GOVERNING BOARD OF THE MONTECITO FIRE PROTECTION DISTRICT AMENDING SECTION 6 OF MONTECITO FIRE PROTECTION DISTRICT ORDINANCE NO. 2016-01.

WHEREAS, the Montecito Fire Protection District operates under the provisions of California’s Fire Protection District Law of 1987, wherein the State Legislature declared that the local provision of fire protection services, rescue services, emergency medical services, hazardous material emergency response services and other services relating to the protection of lives and property is critical to the public peace, health and safety of the State of California and that local control over the types, levels and availability of these services is a long-standing tradition in California; and

WHEREAS, the State Legislature has also declared that its intent is to provide broad statutory authority for local fire protection districts, encouraging local officials to adopt powers and procedures set forth in the Fire Protection District Law of 1987 to meet their own circumstances and responsibilities; and

WHEREAS, on November 28th, 2016, pursuant to Health and Safety Code section 13869.7, the Governing Board of the Montecito Fire Protection District adopted Ordinance No. 2016-01, which made certain amendments to the building standards relating to fire and panic safety that are more stringent than those building standards adopted by the State Fire Marshall and contained in the California Building Standards Code, including amendments to Section R313 and Appendix J of the California Residential Code; and

WHEREAS, WHEREAS, on January 10th, 2017, the Board of Supervisors of the County of Santa Barbara voted to ratify Montecito Fire Protection District Ordinance No. 2016-01, including the amendments to Section R313 and Appendix J of the California Residential Code; and

WHEREAS, the County of Santa Barbara has expressed concerns regarding the thresholds for triggering fire sprinkler installation in existing residential dwellings, and has requested that the District amend Ordinance No. 2016-01; and

WHEREAS, in order to address the County’s concerns, the Governing Board of the Montecito Fire Protection District hereby desires to amend Section 6 of Ordinance No. 2016-01; and

WHEREAS, Health and Safety Code Section 13869.7 provides that any such amendment must be ratified by the city or county where such ordinance will apply.

NOW, THEREFORE, the Governing Board of the Montecito Fire Protection District ordains as follows:

Section 1. Section 6 of Ordinance No. 2016-01 is hereby amended to read as follows:

“Section 6. Amendments Made in the California Residential Code. The California Residential Code is amended and changed as follows:

(a) Chapter 3, Section R313, Automatic Fire Sprinkler Systems is amended as follows:

1. Section R313.1, Exception, is deleted in its entirety and replaced with the following:

 - ii. The aggregate alteration and/or addition for which an application for building permits is required to be filed with the County of Santa Barbara is greater than 1,000 square feet in gross floor area.
 - b. Any existing townhouse which consists of a total floor area of less than 5,000 square feet for which an application for building permits is filed or is required to be filed with the County of Santa Barbara for any addition or alteration that exceeds 50% of the existing square footage of the building floor area shall be required to install automatic fire sprinklers throughout the entire structure.
 - c. Application. The provisions of this Section shall be applicable within the District’s jurisdiction, but shall not apply to alterations or additions to existing townhouses related to post-disaster repairs, earthquake retrofitting, or addition of fire resistant materials. If any part of this Section is in conflict with any other part, the more restrictive provision shall be controlling.”
2. Section R313.2, Exception, is deleted in its entirety and replaced with the following:
 - a. “Any existing one- and two-family dwellings for which an application for building permits is filed or required to be filed with the County of Santa Barbara for any addition or alteration that meets the following two requirements shall be required to install automatic fire sprinkler systems throughout the entire structure:

Fire Chief Chip Hickman
Montecito Fire Protection District
595 San Ysidro Road
Santa Barbara, Ca. 93108

Dear Chief Hickman,

As Strike Team Leader-Trainee for OES S/T1821A assigned to the OES Preposition and Carr Incident, I would like to express my gratitude to your personnel and department.

Battalion Chief Scott Chapman, Captain Ben Hauser, Engineer Dana St.Ogger, Firefighter Nicholas Eubank and Firefighter Bill Wrenn did an excellent job during the assignment. They were always in a state of readiness and engaged during the entire duration of the incident. Their positive and professional manner was welcoming and greatly assisted me with my assignment.

Captain Hauser and his crew represented the Montecito Fire Protection District, our operational area and themselves like true professionals. It was a pleasure to work with them and I look forward to the opportunity again.

I would like to also extend my thanks for the opportunity to work with Chief Chapman. The knowledge gained during my assignment was valuable as I learned a tremendous amount from him. I am grateful for the professionalism extended and exhibited during our assignment. I look forward to having the opportunity to work with him again.

Professionaly,
