Item #3

STAFF REPORT

Prepared for: Montecito Fire Protection Finance Committee

Prepared by: Araceli Gil, District Accountant

Date: July 14, 2014

Topic: Budget Review for Fiscal Year Ending June 30, 2014

Summary

The District ended the 2013-14 fiscal year in a favorable financial position in the three main funds: General, Capital Outlay and Land & Building.

Discussion

Balance Sheet Summary:

General Fund (3650): On June 30, 2014, the General Fund had total assets of \$4,228,733 and liabilities of \$415,381, netting to a fund balance of \$3,813,353. This is an increase of \$508,656 from June 30, 2013. The increase is mainly due to higher than anticipated revenues.

Capital Outlay Fund (3652): On June 30, 2014, the Capital Outlay Fund had total assets of \$2,226,855, of which \$154,933 is a prepayment of the Type 6 Patrol vehicle scheduled to arrive in August. Additionally, there were no outstanding liabilities, netting to a fund balance of \$2,226,855. This is an increase of \$34,132 from June 30, 2013 due to funds transferred in from the General Fund and interest income.

Land & Building Fund (3653): On June 30, 2014, the Land & Building Fund had total assets of \$7,860,427 and no outstanding liabilities. This is an increase in fund balance of \$48,483 from June 30, 2013 due to interest income.

Financial Status (Income Statement) Summary:

Revenues

General Fund (3650): The District estimated FY 13-14 revenues of \$14,587,133. The main source of revenue was Property Taxes budgeted at \$13,874,770, or 95%, of total revenue. Actual Property Taxes collected by the District were \$14,112,264, or \$237,494 over the budgeted amount.

The District estimated other revenue sources, which include interest, Homeowners Property Tax Relief, Federal and State fire reimbursements, EMS medical response payments, rental income and CSFD dispatch payments, to total \$712,363. Actual revenue collected was \$902,743, or \$190,380 over the budgeted amount.

Total revenue collected was \$15,015,007, or \$427,874 over the budgeted amount.

Expenditures

Salaries and Employee Benefits: Total expenditures were \$12,118,919, or \$147,725 under budget. The Overtime line item exceeded the budgeted amount by \$124,400, but the difference was absorbed by the available funds in the Salaries, Retirement Contribution and Workers Compensation.

Services and Supplies: Total expenditures were \$1,335,925, or \$81,783 over budget. In May, the Board approved a budget adjustment which allowed the District to use anticipated excess funds from the Salaries and Employee Benefits category to make additional purchases for items not included in the original budget. The additional purchases are attributed to the excess spending in the Services and Supplies category.

Capital Assets: Total expenditures were \$92,067, or \$62,377 over budget. As previously mentioned, the Board-approved budget adjustment allowed the District to make additional capital asset purchases.

Overall, the District's expenditures were \$13,546,910, or \$3,566 under the total budgeted amount.

Fund Balance

The District budgeted for a total increase in fund balance carryover of \$72,826, but the actual carryover increase was \$508,656, due in large part to the unanticipated revenues. The total fund balance at June 30, 2014 is \$3,813,353, designated as follows:

Nonspendable - \$	67,620 (Held as a deposit with worker's compensation insurance company)
Committed -	\$ 1,200,500 (Contingency/Disaster reserve)
Residual -	\$ 2,040,963 (Funds without designation)

Conclusion

Overall, the District's financial performance for fiscal year 2013-14 was very positive with an overall net increase in fund balance of over \$508,000.

As the District has continued to build healthy fund balances, Staff will prepare recommendations for the Board's consideration to establish formal District reserve policies as proposed in Capitol PFG's Financial Analysis.

Balanced HighMark PLUS

Investment Objective

The dual goals of the Balanced Strategy are growth of principal and income. While dividend and interest income are an important component of the objective's total return, it is expected that capital appreciation will comprise a larger portion of the total return. The portfolio will be allocated between equity and fixed income investments.
